

# Account Settings and Profile

Account settings and Profile updates can easily be made by editing your account. Account settings include Username, Email and Password changes. Your Profile can be updated and enhanced as well.

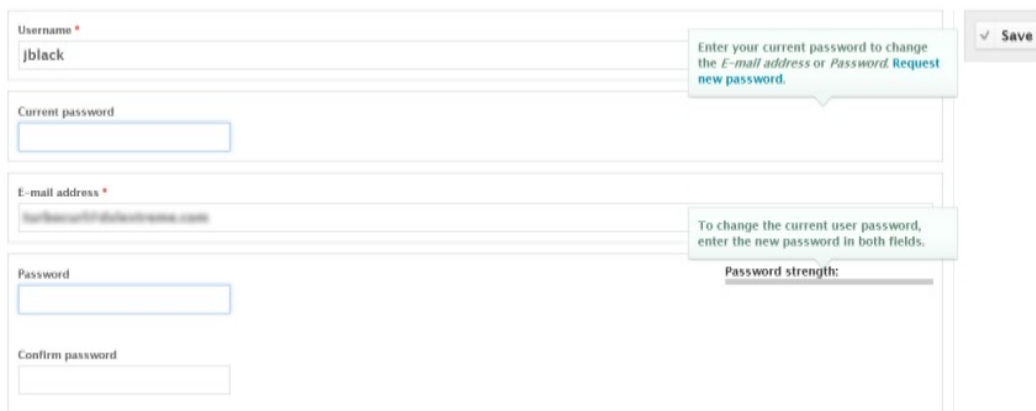

1. Click the 'My Account' button in the User Bar (at the top right of the screen).

2. Select the 'Edit' tab on your profile page.

3. In the top section there are fields to update/change your Username, Email address and Password.

A screenshot of the account settings form. It contains several input fields: 'Username \*' (containing 'jblack'), 'Current password', 'E-mail address \*' (containing 'jblack@black.com'), 'Password', and 'Confirm password'. A 'Save' button is located on the right. Two callout boxes provide instructions: one says 'Enter your current password to change the E-mail address or Password. Request new password.' and another says 'To change the current user password, enter the new password in both fields.' Below the password fields is a 'Password strength:' indicator.

- The lower sections includes fields to update/change or add your Display Name, Title and Institution. There also options to add a Profile picture/avatar and brief Bio describing yourself.

The screenshot shows a user profile editing interface. It features several input fields: 'Display Name' (containing 'Jack Black'), 'Title', and 'Institution'. Below these is a 'Picture' section with an 'Upload picture' field and a 'Browse...' button. A green callout box next to the picture section reads: 'Your virtual face or picture. Pictures larger than 2000x2000 pixels will be scaled down.' At the bottom is a 'Description' section with a rich text editor toolbar containing icons for source, undo, redo, search, bold, italic, underline, strikethrough, link, unlink, list, indent, outdent, quote, and other formatting options.

- Click the 'Save' button to save your changes.
